ESTIMATE

#Q-004

2026-03-08

## PREPARED FOR

### Vanessa Quintero

99 NW. 4th Ave., Miami, FL

305-209-3506

vanessa@gmail.com

## SCOPE OF WORK

The plumbing issue involves a severely rusted and corroded pipe that has developed visible leaks. This condition not only compromises the integrity of the plumbing system but also poses a risk of water damage to the surrounding areas. Our proposal includes the replacement of the compromised pipe to ensure the effective operation of the plumbing system.

## SITE ASSESSMENT & RECOMMENDED SOLUTION

CURRENT CONDITION

**Site Findings:** Upon inspection, we observed that the pipe was significantly corroded, with rust visible along its length. Additionally, the leaks were evident, suggesting a potential for further damage if not addressed promptly. The surrounding area showed signs of water exposure, validating the urgency of the repair.

**Our Approach:** We recommend the full replacement of the rusty pipe with a new, durable pipe, which will restore proper function and prevent future leaks. Our experienced team will carry out this installation efficiently, ensuring minimized disruption to your daily activities. By addressing the issue comprehensively, we aim to ensure long-lasting results and peace of mind for the homeowner.
